Towerhill Associates was founded in 2008 by two innovative minds that believe the advancements in the Cleantech and Life Sciences industries will be a major force in the recovery of the American economy.

We specialize within specific sectors of both industries:

Cleantech

- Biofuels
- Solar
- Smart Grid
- Wind
- Green Chemicals
- Energy Efficiency (Green Building/Lighting)
- Energy Storage (Battery/Fuel Cells/Etc.)

Life Sciences

- Medical Device
- Pharmaceutical
- Biologics/Biotech

At Towerhill Associates we adhere to only the best business practices. We take the time with every new client to do a one-on-one consultation aimed at learning your specific hiring priorities as well as the intricacies of your organization.

The Towerhill team is unwavering in our commitment to achieving your company's growth goals. We dedicate a Senior Recruiter for the life of the relationship who is supported by a team of specialized recruiters and resource managers. Our recruitment team goes beyond assessing the technical requirements of every applicant and becomes thoroughly familiar with your company's products, services and hiring philosophies to ensure the candidate is the right fit for your organization.

Here is a brief overview of our process:

- Initial Client Consultation
- Search Preparation
- The Search
- Candidate Evaluations
- Resume Submissions
- Interview Coordination
- Reference Checks
- The Offer
- Placement
- Follow Up

For a more detailed summary of our process please view our Client Services webpage.

We use innovative search techniques and draw on our proprietary database, extensive network of contacts and resource tools to find the best candidates. Our expertise lies in leveraging years of recruiting experience and industry insights to foster valuable investor and company partnerships.

To differentiate ourselves and provide additional value we provide networking opportunities with start-ups and investors to advance today's most ground breaking technologies. With our extensive network of industry leading companies and research institutes the Towerhill team possesses knowledge of key trends and technology advancements to provide valuable analysis to start-ups and investors alike.

Whether you are looking for your next critical hire or additional funding, Towerhill Associates has the expertise and experience to be your company's partner in growth.

To get an initial consultation or discuss how we can help achieve your company's goals for the future, please call us at **401.619.4625** or email **info@TowerH.com**

What our clients are saying.

"We contacted Towerhill to fill the critical position of Global Vice President of Regulatory Affairs. The candidates presented during the search were directly in line with our criteria and the final candidate was a perfect match for our needs. Towerhill provided one of the smoothest and most successful searches in my 20 year career."

Tim Simmone | COO
Kaz, Inc

"Towerhill Associates found us our VP of Business Development. We were presented a deep and diverse stable of candidates. They have been responsive, dependable, and easy to do business with."

Mae Squier-Dow | SVP, Business Solutions
Current Group, LLC
